Fun little game, pretty solid for some levels, however crashes every time after the tic-tac-toe part, that's why I can't recommend.. Fun, interesting game with new ideas. Once you learn the start build formula it's much easier, but you'll still be challenged accomplishing goals. Each new land/map adds elements so it stays fresh enough throughout the game. The hardest part for me was dealing with the fires. Wow, thought there was no way until I tried putting out 1-2 fires on nearby islands before building anything. That was the secret for 3 stars!! Had to play plenty of levels over for 3 stars so I appreciated the challenge. The story is good enough. Graphics and animations were cool. Overall it's worth it.. Fun little game, pretty solid for some levels, however crashes every time after the tic-tac-toe part, that's why I can't recommend.
